

Dear Valued Customer,

LECO is unfortunately also affected by the current stresses in the international production and shipping of various materials and items. This is further compounded by supply chain disruptions , bottlenecks and port congestion. Also considering the truck driver shortages. To better understand how this will impact your LECO delivery schedule please contact your local sales representative.

We thank you for your ongoing support and trust in us, and while we understand that the current delays are disappointing, we believe that in trying times, trusted companies like LECO will continue to deliver Empowering Results.
